

Switched power distribution unit for data centers. 60kW smart PDU with rack mount compatibility.

This short summary of the APC InfraStruXure® PDU 60kW 208V/208V power distribution unit (PDU) Black data-sheet is auto-generated and uses the product title and the first six key specs.

Distributor of Advanced Energy Ascent AMS 60kW DC Power System (120A, 1000V, 60kW) EPCOS, Advanced Energy. Call for best price.

The bi-directional programmable DC power supply of IT6000C series combines two devices in one: a power supply (source) and an electronic load (sink) with energy recovery.

Designed to increase flexibility and agility of data center power distribution through a design that does not require a raised floor.

Custom power supplies are our specialty! Aegis Power Systems is a designer and manufacturer of rack-mount power supplies and high power kw converters for ac-dc or dc-dc applications.

Increasing rack power density both in the data center and at the network edge means that reliable power distribution is crucial. Our innovative power distribution units and rack PDUs not only maintain power, ...

Our rack mount power supplies deliver reliable, programmable DC power in a compact form factor that fits directly into standard 19" racks--making them ideal for ATE systems, production lines, and high ...

It is a high-tech manufacturer specializing in the R&D, production, sales and service of photovoltaic new energy, power management and lithium battery energy-storage related products. It has a 10000 ...

Output power levels cover 30kW, 45kW, 60kW and 90kW in a 23U Rack System profile, offer low-noise performance and have Output voltage ratings from 10V to 1500V (and Output current ratings up to ...
