

Global Power Supply offers battery cabinets from industry-leading manufacturers such as Toshiba and Narada, available in multiple configurations to match your specific operational needs.

Arimon battery cabinets are designed to accommodate battery monitoring solutions from a variety of manufacturers or work with our engineering team to customize a solution specifically for your needs.

Supporting both AC and DC coupling, up to 10 units can be connected in parallel, with a maximum capacity of 2150kWh. It adopts a built-in air duct design and supports a charge/discharge rate of 0.5C. Max. Parallel Units.

As the leading vertically integrated manufacturer of lithium iron phosphate battery systems, GSL ENERGY has provided various battery solutions for nearly all kinds of ESS applications.

Configured with a rack-mounted modular PCS, it supports parallel connection of multiple machines and has good scalability; the number of PCS modules and the total battery power can be selected according to the ...

The Symtech Solar Battery Energy Storage Cabinet (MEG 100kW x 215kWh) is a fully integrated, PV-ready hybrid energy storage solution designed for both on-grid and off-grid applications.

C&C Power Battery enclosures are configured to meet the need of all types of applications. Battery cabinets are engineered for an uninterrupted power backup source to support the continuous operation of your critical facility.

This industrial and commercial battery storage system is the ideal compact solution for your battery projects to work alongside solar PV, EV chargers and back up power requirements.

The included technology gives one of the highest market efficiencies in VFI mode and the full projected battery life. Due to its high power density, the SLC X-PERT series makes optimal use of the surface area occupied.

Reliable, efficient, and boasting up to 99 percent operating efficiency. Designed to provide high efficiency at partial load conditions, the GE SG Series UPS (Uninterruptible Power Supply) delivers low input harmonic ...
