

Can the co-pilot locker be used for storage

What is a TA-50 gear locker?

The TA-50 gear locker is a military storage solution designed by Lyon. It is a heavy-duty locker that can handle any sort of military grade gear.

How does a military storage locker function?

A military storage locker functions with a 3-point latching system that keeps the doors shut. You can secure it with a padlock to keep the items inside safe and sound. It comes with a coat rod and coat hooks for hanging uniforms, coats, and heavy field dress. The full width shelf at the top is ideal for storing other items.
