

Top five! Chint power has won the 365 global photovoltaic ranking list!

The 25kW-480V CPS three phase string inverters are designed for rooftop and carport PV applications. These compact units are high performance, advanced and reliable inverters designed specifically for ...

The 100kW high power CPS three phase string inverters are designed for ground mount applications with 480Vac service voltage. The units are high performance, advanced and reliable inverters ...

Solar Electric Supply proudly distributes the Chint Power Systems commercial inverter lineup, delivering proven performance across a comprehensive range from 25kW to 100kW three-phase systems.

Founded in 2009, Chint power mainly provides complete photovoltaic inverter and energy storage products and solutions for the renewable energy and power industry.

As a trusted equipment provider, Chint Power Systems designs, manufactures, and supplies high-reliability, high-efficiency inverters with superior temperature protection, along with advanced energy ...

Since entering the new energy sector in 2006, CHINT has developed comprehensive capabilities across the entire industry chain.

Our Newest 3D Interactive Experience is Here! Get a detailed look at the newest addition to our growing family of 3-phase string inverters! Market leading solutions from a tough company you can count on. ...

One of the world's leading manufacturers of photovoltaic converters, Chint Power has a long history of innovation in this industry. As a consequence of our continual improvement efforts, ...

Through our technologies and expertise, we are making deeper integration of solar power into various scenarios. The best way to boost economic benefits out of limited land availability.
