

## Corrosion-resistant power cabinets for Latin American oil fields

IRINOX manufactures the seals of enclosures and cabinets in polyurethane to offer a greater guarantee of tightness. It also supplies as standard for all APN push button boxes and ADN terminal boxes to ...

Ideal for outdoor and washdown applications, the 4X series adds corrosion resistance (via stainless steel or non-metallic materials) on top of NEMA 4-level ...

Reliability in Oil & Gas Applications American Made Quality Product 15 Year Warranty. Enclosures and Cabinets that will exceed expectations. NEMA 4X protection rated for offshore applications. Built of ...

Oil & Gas Providing corrosion-resistant cabinets for outdoor control and monitoring needs.

Our IP66-rated, NEMA 4X, UL, and cUL certified wall mount electrical cabinets offer top-tier UV and corrosion resistance with customizable options for various critical fields.

The Oil & Gas industry operates in some of the most demanding environments on the planet like offshore platforms, refineries, terminals, and desert fields. Bartakke designs and manufactures Oil & Gas ...

Ideal for outdoor and washdown applications, the 4X series adds corrosion resistance (via stainless steel or non-metallic materials) on top of NEMA 4-level protection. This makes them perfect for ...

Electrical Enclosures for Hazardous Locations Oil and gas operations require hazardous location enclosures that protect control panels, motor starters, and monitoring systems in offshore rigs, ...

Control, instrument and power cabinets for indoor facility applications, plus the industry's largest line of corrosion-resistant enclosures in 304 and 316L stainless steel, aluminum, fiberglass ...

Unique features to improve tamper resistance Enhancements to meet or exceed the NEMA 4x standard for offshore applications A higher level of manufacturing quality, for greater long-term reliability in ...

Superior Corrosion Resistance: Unlike traditional metal enclosures, Fibox's NEMA 4X solutions are crafted from robust, non-metallic materials that shrug off corrosion caused by salt spray, harsh ...
