

Intelligent Modular Energy Storage Cabinet in Central and Eastern Europe

Blackvolt Energy is building Austria's leading battery energy storage platform. We are focused on the development, financing, construction, and long-term operation of utility-scale BESS projects that ...

Today, KNESS has practical experience in implementing energy storage facilities in Ukraine, engineering expertise that meets European requirements, and a readiness to integrate into the ...

EFT Energy Solutions, a subsidiary of the EFT Systems Group and European service partner for BYD battery storage systems, developed the Industrial Flex platform to simplify ...

SERMATEC, a BloombergNEF (BNEF) Tier 1 energy storage manufacturer for two consecutive quarters, has successfully completed the grid connection of its commercial and industrial ...

Designed for fast deployment in remote locations, these modular containers support solar energy storage for emergency response, industrial use, and rural electrification projects across Europe, ...

Discover our high-efficiency, modular battery systems with zero capacity loss and rapid multi-cabinet response. Ideal for industrial, commercial, and emergency applications, our solutions offer remote ...

This event will bring together key stakeholders from across the region to explore the latest trends in energy storage, with a focus on the increasing integration of energy storage into ...

This project delivers a comprehensive energy storage solution (ESS) that includes the EasyCube Series 372kWh storage system, PCS, Isolation Transformer, and Integrated Grid ...

Built on robust safety and modular design, Sigenergy's C&I BESS supports 24/7 autonomous operation. With an IP66 rating for dust and water resistance, it delivers reliable ...
