

Kehua Data Energy Storage System Shipments

Is Kehua a good energy storage supplier?

XIAMEN,China,Oct. 9,2024 /PRNewswire/-- According to the report from S&P Global Commodity Insights,based on the 2023 PCS shipment volume statistics,Kehua is ranked as the No.3energy storage inverter supplier globally and the No.1 energy storage supplier in China.

How is Kehua achieving grid-connected power generation?

Currently,the project has achieved grid-connected power generation with excellent parameters and indicators. Each energy storage unit supplied by Kehua consists of a 3.38MW energy storage skid solution with energy storage converters and transformers,and a 6.77MWh battery integration system.

Who is Kehua digital energy?

Kehua Digital Energy,with 36 years of power electronics expertise,offers comprehensive solutions in photovoltaics,energy storage,and microgrids. With installations exceeding 46GW in PV and 15.2GW/8.2GWh in energy storage globally,Kehua is a Tier 1 clean energy providercommitted to promoting a zero-carbon future.

What is Kehua's energy storage system integration solution?

After a rigorous selection,Kehua's energy storage system integration solution was ultimately selected. The solution includes 53 sets of energy storage MV skid,105 sets of energy storage battery systems,and 1 set of an energy management system.
