

Large Payment Cabinet for Cement Plant Outdoor Units

All CollectionPoint outdoor depositories are 53" in height so they can be used for drive-up deposits from all vehicles including SUVs and trucks. They are also ADA Compliant for walk-up deposits when properly installed.

Loaded with anti-theft features, American Security Cabinets sets the standard in payment drop box security so that your payments can be collected from your customers around the clock.

The Heavy-Duty Outdoor Storage Cabinet features 12-gauge steel, adjustable shelves, a 3-point lock, and a weather-resistant design for secure industrial storage.

With the same security and build quality as the small and large security mailbox, this box is made for payment and key drop off in mind. If you don't need the added security of our fee vault, then this is the perfect option.

Price and other details may vary based on product size and color. Products certified to the Recycled Claim Standard (RCS) contain recycled content that has been independently verified at each stage of the supply ...

The perfect solution for receiving rent payment deposits safely and efficiently anytime, anywhere. Choose from a variety of models and options to meet your specific needs.

Our payment drop is designed to accept one thing and one thing only, envelopes. The size of the depository opening keeps anything else from getting in and anything deposited from coming out.

This low-maintenance, brushed stainless steel payment drop is used to collect payments and/or documents safely, securely, and efficiently. The on-concrete pedestal is intended for installation on existing concrete.

Perfect for industrial equipment, electrical cabinets, and outdoor installations, our enclosures offer customizable solutions for renewable energy, telecommunications, and more.
