

Felicidad Technology's Portable Power Stations & Solar Generators are made of long-life lithium iron phosphate batteries, with a cycle life of more than 1000 weeks.

As a premier custom battery pack manufacturer, we design and assemble high-performance lithium-ion, LiFePO₄, and LiPO solutions tailored to your exact specifications.

Sonnen's home storage system is designed with the advanced technologies of solar energy, lithium batteries and inverters to track information such as solar energy output, electricity consumption ...

With the research team and automatic production support, we master the core battery technology and key accessories of lithium battery pack, which highly enhance production efficiency, ensure battery ...

We have built a highly experienced engineering team to ensure every battery solution meets the highest technical standards. Our expertise is backed by years of practical experience in lithium battery ...

Since 1965, Custom Power has designed and assembled custom battery solutions for critical OEM devices. We provide battery pack assemblies in all chemistries and for all electronic applications, all ...

CMB is a custom battery pack manufacturer delivering high-performance lithium solutions for demanding applications and extreme environments. We create custom battery packs that bring lasting energy to ...

Founded in 2012, BSLBATT is a lithium battery manufacturer offering smart, efficient, and certified Li-ion solutions for solar storage, forklifts, and golf carts.

Saphiion specializes in designing custom lithium-ion 18650 battery, 21700 battery and lifepo₄ battery in various specifications, sizes, and shapes to meet your unique needs that vow your success!
