

The Electricity Authority of Cyprus (EAC) is moving forward with a massive EUR180 million investment to modernise the Dhekelia power station, marking a critical step for the island's energy security ...

We specialize in large-scale solar power generation, solar energy projects, industrial and commercial wind-solar hybrid systems, photovoltaic projects, photovoltaic products, solar industry solutions, photovoltaic inverters, ...

The Nicosia lithium battery energy storage project tackles this exact paradox of renewable energy systems. With a planned capacity of 73.5MW/147MWh, it's set to become the Mediterranean's largest grid-scale ...

Cyprus will establish its first large-scale electricity storage infrastructure within the next 16 months, Energy Minister George Papanastasiou announced at the Green Agenda Cyprus Summit in Nicosia ...

The successful commissioning of the first significant energy storage system in Cyprus represents a major milestone in the country's transition to a sustainable energy future.

The Electrochemical Electricity Storage Station, designed to hold 40 MW with plans for potential expansion to 80 MW, will include 24 containers of lithium batteries just meters from homes. Lawmakers and residents fear ...

Ever wondered how a Mediterranean island like Cyprus could become energy-independent? Enter the Nicosia Electric Energy Storage Project - a game-changer that's turning heads in the energy sector.

Cyprus has taken a step toward modernizing its energy infrastructure with the commissioning of a 3.3 MWh BESS as part of the Apollon PV Park. Operated by the University of Cyprus, this is the...

Summary: As renewable energy adoption grows in Northern Cyprus, lithium-based energy storage systems are becoming vital for stabilizing power grids and supporting solar/wind projects. This article explores the region's ...

Operated by the University of Cyprus, this is the country's largest battery project to date and the first of its kind at this scale. The BESS is integrated with a 5 MWp solar PV installation that was ...
