

The 40KWh LiFePO4 small energy storage cabinet, single cell 100AH, 1 parallel 128S, 409.6V 100AH, system consists of 8 8S1P modules, 1 high-voltage control box and a double-door battery cabinet.

The CX-CI001 lithium battery energy storage cabinet can be customized for on-grid/off-grid operation mode, provides UPS functions, and can be flexibly expanded.

The 25U Solar Battery Cabinet, equipped with a 40kWh energy storage system, is a highly efficient and reliable electrical enclosure specifically designed for renewable energy applications.

More energy-efficient and monitoring management; the temperature-controlled fan automatically adjusts the wind speed, with low power consumption, and supports RS485 serial communication upload.

It is suitable for scenarios such as communication base stations, edge computing, and microgrids. Its features include high protection, intelligent BMS/EMS system, diverse input and output interfaces, ...

Experience the HJ-SG-D02 series from Huijue Group, a versatile outdoor communication energy cabinet designed for stable power supply in communication base stations, smart transportation, and more. ...

Explore HuiJue's complete product portfolio, including base station energy cabinets, outdoor base station cabinets, battery enclosures, and cabinet energy storage systems.

With the eMIMO structure and high density, Huawei Outdoor Power supports multiple input/output modes and one cabinet substitutes multiple traditional cabinets.

Designed for outdoor deployment, the cabinet features weather-resistant construction, efficient ventilation or air conditioning, and options for battery and DC distribution integration.
