

Send an HTTP request to SharePoint action in Power automate flows works with SharePoint REST APIs. Follow below Microsoft official documentations for SharePoint REST API ...

I'm working on a Power Automate flow that updates items in a SharePoint Online list. However, I'm facing an issue where certain columns (including Person/Group fields) are not ...

We represent this trend through a multiplier applied to the wind plant capital costs that increases as the best sites in a region are developed.

Financial assumptions impact the levelized cost of energy (LCOE) by changing the cost of capital needed to finance electricity generation projects. The equations and variables used to estimate ...

when opening my report user-confusion may arise from the fact that a date slicer is not automatically extended to the current date of data available. My question therefore is: Does anyone ...

Presented below are graphs and tables of the cost data for generators installed in 2021 based on data collected by the 2021 Annual Electric Generator Report, Form EIA-860.

At Generators Direct, we offer a range of single and three-phase generators, power stations and power banks for your specific needs. All of our products are manufactured, tested and certified to industry ...

I use Power Automate to collect responses from a Form and send emails based on the responses. The main objective is to automate decision-making using Python to approve or reject the ...

I am writing a Power automate to copy emails from an Outlook mailbox to SharePoint. I am using Get emails (V3) and want to retrieve emails received on a particular date.

For the purposes of this example, assume that either power plant could meet the same reliability goals that your utility had. But your regulator wants you to minimize economic costs to consumers. Which ...

Incorrys analyzed these variables for each type of power generation to determine a range of costs (USD/kW) and corresponding timeline (years) and provides reasons behind the differences.

I have 6 slicers/filter on a Power BI report page ( 5 dropdowns and 1 date slicer). There is a clear all slicer button that resets the all dropdowns and date slicer. Is there anyway, when the clear...

# Power station generator phase compound interest price

To accurately reflect the changing cost of new electric power generators in the Annual Energy Outlook 2025 (AEO2025), EIA commissioned Sargent & Lundy (S&L) to evaluate the overnight capital cost ...

Extract Value from Array in Power Automate Asked 1 year, 3 months ago Modified 10 months ago Viewed 7k times

You are confusing Power Automate with Power Automate Desktop. The link you provide is for Power Automate, so those functions won't work in the PADesktop. There is an action named ...
