

Citizens for Responsible Solar is part of a growing backlash against renewable energy in rural communities across the United States.

They exist. It's a very small percentage of rooftop solar companies, but it would be a lie to pretend there aren't any and there's nothing to worry about.

According to Heartland Rural Electric Cooperative, scammers are claiming to be selling solar units on behalf of Heartland. Heartland says they do not have any partnerships with solar ...

Analysts who follow the industry say Citizens for Responsible Solar stokes opposition to solar projects by spreading misinformation online about health and environmental risks.

A quick online search can help you see if there are any stories in the news or settlements involving the solar company you're looking to work with for your installation.

Did a salesperson knock on your door and promise free rooftop solar panels at no cost to you? Or say you'll never have to pay another electricity bill because government programs, grants, or...

As Zimbabwe endures another round of crippling power cuts -- sometimes stretching 18 hours a day -- hordes of people are turning to solar power.

Solar energy popularity continues to rise in Northeast Kansas, and scammers follow the potential for sales and look for ways to take advantage of unassuming folks. Fraudsters can pose as ...

Solar scammers target homeowners with false promises as energy costs rise. Here's how it plays out and how you can protect yourself.

It's likely a scam. While there are some government-funded solar programs for households that qualify, "going solar" isn't free. Honest businesses will tell you exactly how much it'll ...
