

Will BYD develop a Bess project in Saudi Arabia?

March 6, 2025: Plans to develop 12.5 GWh of new BESS projects in Saudi Arabia have been announced by China-based BYD. The energy storage battery giant said on February 17 it has signed a development deal with the Saudi Electricity Company.

Does Saudi Arabia have a Bess project?

Updated August 29, 2025: Saudi Arabia has made major advances in its BESS projects as it launches one of Middle East's largest BESS deployments, a 4GWh BESS project. The nation's battery storage drive comes as HiTHIUM is commissioned with a 4 GWh BESS project in a joint venture between the Saudi Electricity Company and Alfanar.

How many bidders are in Saudi Arabia's 8GWh Bess project?

The Saudi Power Procurement Company (SPPC) has released a list of 33 prequalified bidders for its 8GWh BESS project. The projects mark the first phase of Saudi Arabia's ambitious battery storage program. It is designed to support its 50% renewable energy goal by 2030.

Is Saudi Arabia the world's largest grid-tied project?

This follows on the back of the earlier commissioning of the 500 MW /2 GWh Bisha BESS, the globe's largest single-phase grid-tied project, and a record 12.5 GWh transaction with BYD, which puts Saudi Arabia at the center of the world's biggest in-development grid-scale storage pipeline.
