

Southern University of Science and Technology The first paper published in IEEE Transactions on Smart Grid, titled "A Novel Retrospect-inspired Regime for Microgrid Real-time ...

Office: School of Electrical and Electronic Engineering, Nanyang Technological University, Singapore Dr Xu received his B.E. and M.E. degrees from South China University of Technology, ...

Professor of Power System, South China University of Technology - Cited by 6,780 - Power System - Renewable energy - Smart Grid

Related links: Ministry of Education Study in China News Guangdong Guangzhou International Wushan Campus: 381 Wushan Road, Tianhe District, Guangzhou, 510641 University Town Campus: ...

Dr Xu received his B.E. and M.E. degrees from South China University of Technology, Guangzhou, China, in 2008 and 2011, and PhD degree from University of Newcastle, Newcastle, ...

He is currently an Associate Professor with the School of Electric Power Engineering, South China University of Technology, Guangzhou, China. His research interests include microgrid, ...

Within the scheme, each MG is managed by a distributed MG energy management system (MG-EMS) which only exchanges information of trading quantities and prices with other MGs to preserve ...

In the development from microgrid to smart grid, the MMGs will be a new research hotspot after microgrid. The paper analyses the basic structure of the MMGs from many aspects such as volt...

Microgrid development status Market capacity Based on 2018 data, China's microgrid market has reached 4.37 billion RMB (~620 million USD), with an annual increase of 9.8%. It is ...
